# connections

The show will feature three lines as part of the Animal Gambill label: Chic Unleashed includes elegant and trendy fashions, Boss Paws is a theme-based line and Practical Pup has everyday wear that is machine-washable. Budgie, one of the models for the event, poses pretty in a Louise Cecil design.

## Fashion with Lots of Fluff

It's a runway show like you've never seen before, but don't expect to see human models soaking up the spotlight. This time the focus is on the loyal dogs and slinky felines who'll be gracing the catwalk in picture perfect style at the first annual Collars & Couture pet fashion show. The fundraising event, hosted by Animal Gambill's Critter Crusade will feature more than 20 pet couture fashions and accessories created by local designers.

Animal Gambill's Critter Crusade, founded by Shannon Gambill, is a non-profit organization focused on educating children about being kind, safe and responsible with animals via interactive discussions, entertaining presentations and informative literature.
